MAIN STREET, DALLAS PARKWAY TO CLOSE TONIGHT FOR RAILROAD MAINTENANCE

(June 13, 2005) The railroad crossings at Main Street – and the Dallas Parkway service roads – will be temporarily closed tonight while Burlington Northern crews do track maintenance.

The Main Street railroad crossing will undergo maintenance beginning at approximately 6:30 p.m. this evening. As a result, Main Street will be closed in both directions for approximately 15 – 30 minutes. Detour signs will be posted and Frisco police officers will be directing traffic.

The Dallas Parkway service road crossings will close at approximately 9 p.m. tonight and remain closed for about 45-minutes while crews do track maintenance. As a result, Dallas Parkway will be closed in both directions between Stonebrook Parkway and Main Street. Motorists should use Parkwood/5th Street as an alternate north-south route.

They should also use caution while traveling through these areas.
